FOR CASE MANAGERS AND DISCHARGE PLANNERS

Hand Off the Search in Under a Minute

Give this card to any family weighing senior living or care at home. They call us, and an advisor takes the search from there, at no cost to the family. You keep the discharge plan. We do the legwork.

When to Hand It Out

- The family is considering assisted living, memory care or independent living
- The patient is going home and the family needs in-home care or caregiver support
- The family is unsure what they can afford, or whether Medicare or VA benefits apply
- Adult children are coordinating from out of town

What to Say

> *"If you'd like help comparing senior living options, this free advisor service can walk you through them."*

Keep It Compliant

- Offer the card alongside your hospital's required provider list, never in place of it.
- Present MSCA as one optional resource. Families are free to choose any provider.
- MSCA never pays, gifts or rewards hospital staff for referrals, and families always see multiple options and are told how MSCA is paid.

Need More Cards?
